

VIPER/T Electro-Optical (VEO-2)

Main Unit

- IR Source
- Visible Source
- Boresight Testing
 - Visible
 - IR
 - Laser
- Laser Camera
- Laser Energy: 1064, 1540, 1570 nm
- VIS/IR Targets
- Impact Protection
- Full Self Test

LaRRS

LaserRangeReceiverSensitivity Unit

- Range Measurements
- Sensitivity
- Autocollimation with Main Unit

VEO-2 EO Unit test set up with TOW

Automated testing of:
FLIRs • TV • Laser Range Finders • Laser Designators • Direct View Optics

Providing VIPER/T with Comprehensive Electro-Optical Testing Capability in a Small Footprint
